

SEASIDE CASUAL

2025 OUTDOOR COLLECTION

Crafted with Purpose, Built for Life Outdoors

At the core of our products is a deep commitment to trust and quality. We design intentionally, always considering what matters most to our customers, who value superior design and enduring craftsmanship. They seek more than just furniture; they invest in high-performance, long-lasting products that elevate their outdoor lifestyle.

We collaborate with employees, vendors, and customers who share our dedication to innovation through design and delivering exceptional outdoor products. Partnering with talented individuals, we bring to life unique colors, textures, and materials that set Seaside Casual apart. For 2025, we expanded our offerings with the SUR Collection, featuring Marine Grade Polymer material, which allows for sleek, modern designs like the lounge chair—crafted for simplicity and comfort. This collection complements favorites like the Greenwich Collection with its hyacinth weave and designer backs and the MAD Collection, offering innovative options in rope, wicker, and our signature EnviroWood.

Our team continually explores new materials, functions, and aesthetics and is committed to delivering exceptional service and innovation. Our customers naturally become brand ambassadors, sharing our products' enduring value and enjoyment within their communities. Their authentic experiences provide a trusted endorsement of our brand. By blending performance, comfort, functionality, sustainability, and aesthetics, our products offer a premium, unparalleled outdoor living experience.

Care and Maintenance

Our furniture is exceptionally low-maintenance but requires occasional cleaning and care. In addition to hosing off saltwater on exposed metals and EnviroWood, ensure Outdoor Fabrics are free of dirt, grime, and mildew by cleaning them occasionally. Seaside Casual Furniture produces specially formulated cleaning products that help to keep your outdoor furniture beautiful and lasting longer (available exclusively through Seaside Casual authorized dealers).

RINSE

REFRESH

RELAX

MultiClean® Outdoor Furniture and Fabric Cleaner [C699911]

Multi-Use Formula With PTFE

Specially formulated for both EnviroWood outdoor furniture and fabrics, MultiClean is the recommended cleaner for all cushions and pillows from the Seaside Casual catalog. In addition to its cleaning properties, MultiClean also contains PTFE, a compound that adds a protective seal to outdoor surfaces.

EnviroWood Outdoor Furniture Cleaner [C699910]

Heavy Duty Formula With Mildew Stain Remover

This cleanser removes tough stains from EnviroWood and other outdoor furniture. This all-surface cleaner is ideal for the most challenging dirt and mildew stains and helps maintain the beauty of Seaside Casual Furniture.

Product Warranties

SEASIDE CASUAL ENVIROWOOD FURNITURE

20-Year Residential and 5-Year Commercial Limited Warranty

Seaside Casual offers a limited warranty (for regular use) against the structural failure of EnviroWood Furniture for up to 20 years for residential use and up to five years for commercial use (both warranties are from the date of purchase*). We further warranty our furniture to be free from manufacturer defects in material and production for up to one year from the date of purchase. At its discretion, Seaside will repair or replace defective furniture with the same or similar product (if discontinued) at no charge. We will not issue cash refunds. This warranty does not cover shipping and handling costs. EnviroWood, although highly durable to the elements, may fade when exposed to direct sunlight, and some elements may cause staining of the furniture surface. This warranty does not cover fading or staining. This warranty applies to EnviroWood Furniture manufactured after January 1, 1999, and applies to the original purchaser only.

COASTLINE COLLECTION

10-Year Residential and 5-Year Commercial Limited Warranty

Seaside Casual offers a limited warranty (for regular use) against the structural failure of EnviroWood Furniture for up to 10 years for residential use and up to five years for commercial use (both warranties are from the date of purchase*) for Coastline Collection products. We warranty our furniture to be free from manufacturer defects in material and production for up to one year from the date of purchase*. At its discretion, Seaside will repair or replace defective furniture with the same or similar product (if discontinued) at no charge. We will not issue cash refunds. This warranty does not cover shipping and handling costs. EnviroWood, although highly durable to the elements, may fade when exposed to direct sunlight, and some elements may cause staining of the furniture surface. This warranty does not cover fading or staining.

POWDER-COATED ALUMINUM FRAMES—3-Year Limited Warranty

The warranty covers the finish on exposed Powder-Coated Aluminum Frames for three years from the purchase date, protecting against peeling, cracking, or blistering*. This warranty does not cover blistering and oxidation of finishes due to damage caused by scratches, dents, power washing, or dings. Please note that this warranty does not cover product failures caused by acts of God, accidents, neglect, abuse, or improper shipping or handling. Failure to adhere to our care and maintenance instructions will void the warranty.

COMMERCIAL LINERS—1-Year Limited Warranty

Commercial liners are warranted to be free from manufacturing defects for one year from the date of purchase* for residential and commercial use. In no event shall Seaside Casual be liable for any incidental or consequential damages, including damage to any plants.

STAINLESS STEEL FASTENERS

20-Year Residential and 5-Year Commercial Limited Warranty

Stainless steel fasteners are guaranteed not to fail structurally for up to 20 years for residential use and five years for commercial use from the date of purchase*. Stainless steel may rust in certain extreme conditions if not maintained as outlined under the "EnviroWood Care and Maintenance" section. This warranty does not cover rusting hardware or structural failure due to rusting hardware.

CUSHIONS AND PILLOWS—1-Year Limited Warranty

Cushions are warranted to be free from manufacturing defects for one year for residential and commercial use from the date of purchase*. This warranty does not cover the compression of cushions. Although our cushions are water resistant, they are not waterproof and will absorb water in certain conditions. We advise that you shelter cushions in rainy conditions to avoid extended drying times. Please note that this warranty does not cover product failures caused by acts of God, accidents, neglect, abuse, or improper shipping or handling. Failure to adhere to our care and maintenance instructions will void the warranty.

WOVEN COMPONENTS—3-Year Limited Warranty

Seaside Casual warrants that under regular use and proper care, Resin Wicker, Nylon Rope, and Synthetic Hyacinth products are designed to withstand fading, weathering, and aging for three years from the date of purchase*. Color pigmentation can affect the color consistency of Resin Wicker products, so there may be slight color variations between production batches that do not fall under warranty consideration. Please note that this warranty does not cover product failures caused by acts of God, accidents, neglect, abuse, or improper shipping or handling. Failure to adhere to our care and maintenance instructions will void the warranty.

FIRE PIT TABLE COMPONENTS

The fire components used in fire pit tables, including Crystal Fire® burners, ignitions, electronics, and glass guards, are under the Outdoor Great Room Company warranty; please reach out to Seaside Casual or the Seaside Casual retailer from whom you purchased your fire pit table for warranty information. Specific details are available via this link: www.outdoorrooms.com/product-support/warranties

Colors and Materials

EnviroWood and Marine Grade Polymer: Standard Colors

EnviroWood is a sustainable material made from recycled plastic bottles, enhanced with UV-stabilized pigments to capture the look of painted wood without the need for a high level of maintenance. Marine Grade Polymer (MGP) is a comparable material crafted from denser high-density polyethylene (HDPE). Its added rigidity enables the creation of slimmer, more contemporary profiles ideal for modern designs.

EnviroWood: Standard and Premium Colors

EnviroWood offers a range of standard colors and premium, textured wood-tone colors for a natural appearance, highlighted by a unique wood grain pattern. These products are made from recycled HDPE and are built to endure harsh outdoor conditions with minimal maintenance.

All-Weather Woven Panels

HDPE resin wicker with UV-stabilized colors and polyester nylon rope with an HDPE core are woven into beautiful patterns, providing soft comfort. Made to last for outdoor settings with little to no maintenance, they are the perfect match for EnviroWood or Powder-Coated Aluminum frames.

Due to differences in printing ink, the actual color may vary from the swatches shown.

Design and Sustainability

Outdoor Living Without Compromise

Our design philosophy centers around a belief that outdoor furniture should not have to sacrifice comfort or style for durability. EnviroWood’s eco-friendly, low-maintenance benefits, combined with our attention to detail, ensure that Seaside Casual Furniture remains solid and beautiful for a lifetime.

H Hidden Fasteners

Seaside Casual has developed multiple methods of concealing fasteners in many of our designs. From pocket screws to hidden brackets to the TAP Hidden Fastener System®, we take every measure to provide indoor furniture style and craftsmanship for outdoor living.

M Marine Grade Polymer

Discover the outstanding resilience of Marine Grade Polymer (MGP), an exceptional, high-density HDPE material engineered for modern, sleek designs with thinner profiles. MGP combines impressive strength and durability with low-maintenance convenience. Water-resistant and highly resistant to extreme weather, MGP withstands prolonged sun exposure and harsh elements, ensuring long-lasting protection and durability.

P Premium Wood-Tone Finishes

Made using the same high-quality recycled HDPE as standard EnviroWood, Premium colors include a multi-tone and textured finish that brings a natural wood-like appearance to many of Seaside’s most popular designs. Natural grain patterns combine with Seaside’s solid structural construction to create a natural wood look.

2 2-Tone

Now, it is easy to create unique color combinations for many of our most popular items: mix and match frame and slat colors using any EnviroWood color selections available for that product. Order using frame/base color code followed by slat/top code and the product SKU to create a 7-digit code. 2-Tone items are made to order and usually ship in a single box.

F Fusion

Flexible, fast, and fun, fusion provides ease of customization with various color and material selections. Feel free to mix and match All-Weather Woven and EnviroWood slats, panels, or tops with aluminum and EnviroWood frames by simply selecting a color/material option for each frame/base, then slat/top/panel followed by the product SKU to create a 7-digit code for easy ordering. We ship fusion items in two boxes.

A Commitment to Sustainability and Growth

Our twelve-acre, 100,000-square-foot facility provides the template for sound environmental stewardship. We have reduced and reclaimed thousands of tons of corrugated cardboard, wood debris, and other recyclable material previously moved into the waste stream. We also work on efficiencies that have dropped our utility consumption by double digits and continue to work on responsible energy conservation.

ENVIROWOOD®

EnviroWood is made from high-quality recycled HDPE. This unique material is primarily sourced from milk jugs and bottles, which helps reduce solid waste in landfills. With the strength and sustainability of recycled plastic and the beauty of natural wood, EnviroWood is one of the most durable, maintenance-free, and environmentally friendly materials for outdoor furniture.

R Rhode Island Roots

Every piece of furniture that we offer begins on the design table at our family-owned Rhode Island facility. All of the raw materials that we use to create our award-winning designs are machined, assembled, processed, packaged, and shipped by our team from our warehouse in Coventry, RI.

We stand firmly behind our “Made in Rhode Island” roots, including our continuing efforts to source our materials from within the USA as much as possible; however, some of the items we design require components that aren’t readily available from domestic suppliers. As a US manufacturer, we believe in the importance of communicating to our customers which of our products contain imported components:

The SUR Collection (pg 04–09)
Imported aluminum frames

The HIP Collection (pg 16–19)
Imported aluminum frames

The Greenwich Collection (pg 20–27)
Imported aluminum frames and woven panels

The Aura Collection (pg 28–31)
Imported fire components

The MAD Collection (pg 38–49)
Imported woven panels and Chaise frames

Complementary Pieces and Accessories (pg 90–99)
Imported commercial liners

Choosing the right style and grade of fabric best suited to the space can be daunting. Our fitted cushions utilize materials from Sunbrella, Outdura, or Tempotest, leading brands in outdoor performance fabrics. These fabrics are stain, fade, and water resistant, making them durable and beautiful. Choose from hundreds of patterns and materials, or use our Customer's Own Material (COM) options to make it your own.

- [703]** Coffee Table
- [704]** End Table

Portsmouth Quick Ship items are available in Gray.

- [067]** Portsmouth Balcony Table (42" x 42")
- [017]** Adirondaack Shellback Balcony Chair

WHY CHOOSE SEASIDE CASUAL?

INDOOR COMFORT, OUTDOOR STYLE

Our lumber is milled and routed to simulate the look and feel often found in traditional wood furniture. The joints are secured using mortise and tenon joinery with precise CNC machinery milling on edges and corners. This results in a quality usually applied to interior furniture.

PEACE OF MIND

Feel good about your purchase with Seaside Casual's 20-year warranty. Our products come with the support and commitment of a family-owned company 100 years in the making.

SOLID AS A ROCK

Unlike molded products, our HDPE lumber frames and components withstand temperature and load changes. Structural aluminum reinforces critical frame members, ensuring our products do not tip, topple, or turn over.

STAINLESS FASTENERS

Not all stainless steel fasteners are created equal. Low-grade stainless or painted components quickly corrode in harsh coastal environments. We use marine-grade stainless steel (316) to ensure superior protection when exposed to the elements.

Via Seaside 

MAIORI

SEASIDE CASUAL & VIA SEASIDE

We launched **Via Seaside** to continue building on **Seaside Casual's 25+ years of Outdoor Living Without Compromise**. This opportunity allows us to work with various brands while creating unique products.

Via Seaside offers a curated selection of **outdoor furniture** and **solar/hybrid lighting** collections from **Maiori Design Studio**.

MAIORI DESIGN STUDIO®

MD Studio's years of experience in **residential and commercial** outdoor applications combine with the world's best designers to create an entirely new way to experience outdoor living.

Maiori's original designs feature a wide array of **dining, bar, and lounge options** with a broad selection of powder-coated aluminum frame finishes and woven and sling combinations.

We are proud to be the exclusive distributor of Maiori products in North America.
