## CARE & MAINTENANCE INSTRUCTIONS

Thank you for purchasing our outdoor furniture manufactured by C.R. Plastic Products Inc.

In order to maintain your outdoor furniture, we highly recommend the following steps be taken in order to keep the products looking clean and new.

- **303® Patio Furniture Cleaner**  
[this product is specifically designed to clean resin and plastic furniture]
- **303® Patio Furniture Protectant**  
[this is the world's most powerful UV screening product]
- **Mr. Clean Magic Eraser**
- **Soapy water and a sponge**
- **Earth Scrub** [recipe below]

### What to Avoid:

**Pressure Washers.** When the nozzle is placed too close to the plastic it could chew and/or fray the plastic leaving a fuzzy look to the plastic and allowing atmospheric dirt and particles to get inside the plastic. Over time the furniture will look dirty and will never clean to its original look.
